

# Ultimate BON JOVI TRIBUTE SHOW

**Live music is back baby and what better way to bring it in with the Ultimate Bon Jovi Show. WITH PREPARATION WELL UNDER WAY, THE BAND IS READY TO GIVE THE AUDIENCE A SHOW THEY'LL NEVER FORGET. We caught up with the men behind the band to chat about the tour.**

**H**ey guys. You're back on the road and bringing your Always Bon Jovi Show to Port Macquarie Panthers. How's the prep going?

The preparation for our upcoming shows is going extremely well. We've been busy rehearsing and working on our choreography for the show to give the audience the best Bon Jovi live experience possible. We'll pull out all the big guns for this tour including Bon Jovi's arsenal of epic hits, Richie Sambora's signature guitars and production to astound all Bon Jovi fans and lovers of classic rock.

**How does it feel to be back doing what you do best and what can the audience expect from this Ultimate live performance?**

It feels great to be back on the road and to be playing in some of NSW most reputable venues. We have lifted our expectations for these shows extremely high. The audience can expect to relive the nostalgia that they would expect at an actual Bon Jovi concert. This tour is a celebration of the music that Bon Jovi has blessed us with over the years, we are delivering all the energy, music and stage production that will grab the audience attention from the very first song.

**Tell us about your backgrounds and how you came together, creating the band?**

The tribute was created by Romeo Jancevski (Vocalist). Being a huge Bon Jovi fan myself, I wanted to create a Bon Jovi tribute show like no other and give the fans the optimal Bon Jovi experience. The process involved auditioning

many talented musicians to find the right fit for the band in terms of skill, look and most importantly an admiration for the music of Bon Jovi. The audition process was lengthy but it was definitely worth all the time and energy we invested. The band are very skilled musicians and have the dedication and drive that has contributed to the success of Always Bon Jovi. My musical background stems from fronting hard rock original bands in Sydney. I have had worked as a session vocalist for rock cover bands and auditioned for INXS Rockstar when the band had world wide auditions to find a replacement for the late and great Michael Hutchence. I am extremely passionate about music and Always Bon Jovi The Tribute Show. It's an honour and a real pleasure to play the part of Jon Bon Jovi on stage, it's not everyday you get to step in the shoes of a true rock legend. Rick's bass playing is second to none, with 50 years experience including support gigs for AC/DC, Sherbet and Cold Chisel. If anyone is up for the challenge of replicating Bon Jovi's Hugh McDonald, it is definitely Rick. Dylan on keys is a prolific Sydney based keyboardist who has made a name featuring in some of Sydney's best tribute shows. He takes great pride in faithfully replicating David Bryan's keyboard parts. Luke

on drums has performed in a wide variety of original, cover and tribute bands such as The Australian Madonna Show, Homegrown, Millennium Bug, The Blues Brothers Show and

Zeppelin Live. Luke is privileged to play the part of Tico Torres, one of his true inspirations to play drums. Zed our lead guitarist loves music with a passion and has delved into many styles from heavy rock, funk to contemporary, playing with bands like Mr Scary and other original acts.

Zed also played Ace Frehley in The Australian KISS show. Zed was the natural fit for the role of Richie Sambora, from the emotional investment in ballads to hard hitting Bon Jovi rock songs.

**What's next for you all in 2021?**

We have big plans to continue to tour in 2021 and our show statewide nationally or even internationally (COVID permitting). We are constantly rehearsing and working on new Bon Jovi songs and new ideas for our show. We plan to continue to release promotional material including videos, and interact with our fans and followers through socials.
